Preparing You Before They Do.

1st Session

1. Your Goals & Where You Stand
2. Virtual Presence
3. Staying Cool & Keeping Busy

Your Goals

&

Where You Stand

1

“

What are your short-term and long-term goals for your career?

What do you hope to learn from this?

How much do you know about your bootcamp?

“

Do you have a GitHub? What about LinkedIn? Do you keep it updated?

Do you have your own website?

Do you feel comfortable with basic programming concepts?

Virtual Presence

2

Staying Cool

&

Keeping Busy

3

Funsies

Fun things to do

in your free time.

AKA

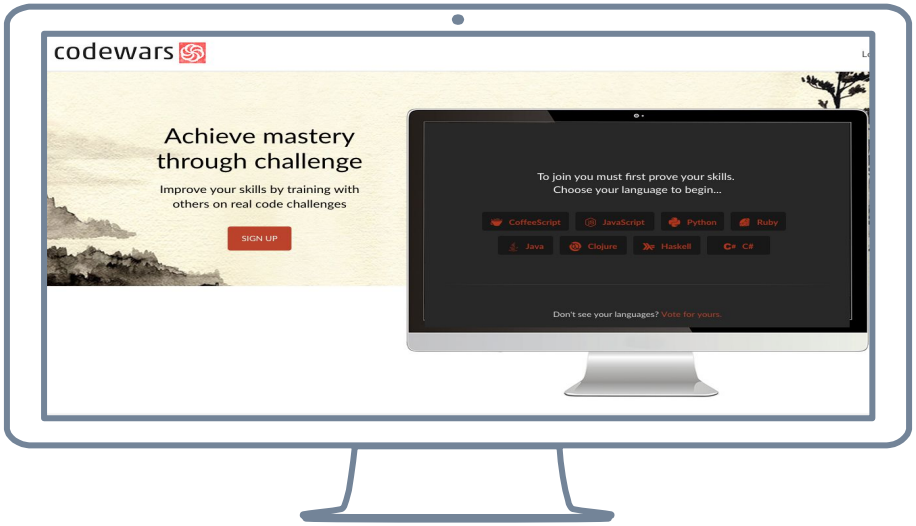
What do I do on the

weekends if I have energy

left?

Attend tech **Meetups.**

Join groups such as Code Crew, Fullstack JavaScript, Google NYC Tech Talks, NY Tech Meetup, Women Who Code NYC, etc. in the NYC.



Earn honor and rank up on Codewars.

If you get to 4 kyu, you get a free t-shirt from Fullstack. :P

Participate in **Hackathons.**

Check out Hackathon IO for upcoming local hackathons.

Become a warrior through **CodeCombat.**

If you’re into gaming, then you can learn JavaScript as you defeat ogres, solve mazes, and level up.

Fullstack Academy

WEEK FIVE

Start writing technical posts or just blogging in general. Reflecting is always nice.

There's plenty of options out there: Ghost, Tumblr, Wordpress, Jekyll, Medium, etc.
